

Dear Parents,

In an overabundance of caution, our school will be closed temporarily. It is our plan to ensure your child continues to receive instruction during this time.

While school is temporarily closed, I will send out a link through Google Classroom for your child to log into a Google Meet. During these daily meets, I will be conducting live instruction. I will continue to cover math, ELA, science and social studies. More specific information about each lesson and what the students are responsible for will be given daily. Students will also have access to various online resources that will be assigned as we go forward. More information about these websites will be given when assigned. Please let me know if you have difficulty accessing any resource assigned.

I will try my best to replicate our classroom experience so your child can continue to learn and thrive in 2nd grade. I know navigating through Google Meets may be difficult for some students, so please know that you can reach out to me with any questions or concerns you may have. I am available through email (michele.roller@bridgesli.org) or the Remind app for any issues or clarifications during regular school hours (8:00 am to 3:00 pm). I will be checking both throughout the day and will get back to you as soon as possible.

Wishing everyone well as we continue to navigate through these unusual times.

Sincerely,
Michele Roller
