

September, 2020

Dear parents,

I hope this letter finds you and your loved ones well and acclimating to our new temporary norm. Should schools close, our goal is to proceed with the continuity of learning for our students. I have been creating online learning classrooms and attending training on how to utilize tech tools to support our distance learning program, should we need to go to a distance learning platform. I will have live google meets for all core subjects with more details to follow.

I am grateful for your patience, as launching a distance learning plan is a complex challenge. I acknowledge that distance learning cannot reasonably replace daily in-person instructional programs but I am confident that our distance learning plan will provide for students to continue learning in developmentally appropriate ways while being mindful of their health and wellness.

Warmest regards,

Susan Clark-Lewis
