

September 19, 2019

Dear Parents,

Bon Soir! (good evening) It is a pleasure to introduce you to the lower school French curriculum. I hope that you will be pleased to know what your children learn in lower school French class. Each class session is divided into short learning segments so that interest is maintained during class time. We converse in French, sing French songs, play games, and create artworks while learning the new work that needs to be covered. The goal is to enjoy a new language. I hope to accomplish this goal.

Sincerely,

Edith Burman

Lower school French teacher
