January 2022

For our 2022/2023 transportation-planning purposes, it is important that all students who are applying for acceptance to your school for the first time (2021/2022 school year) **and** those students who will be returning to your school, be aware that they must request transportation. (A supply of Request for Special Transportation forms for our District is enclosed. Please feel free to copy them if you need more. If your school publishes a newsletter, we would request that you include information regarding Special Transportation forms.

**Transportation will not begin until the official start date of the Farmingdale Public Schools.**

**State Ed.** requires all such requests be in the hands of the Districts **on or before April 1**, regardless of whether the student has been accepted by that date.

Thank you.

Very truly yours,

*Mari Del Gais*
